CHECK OUT OUR EMCEE!

Welcome Kristyn Hartman, evening anchor of WCPO, as the EMCEE for the first virtual One World Gala!

Kristyn Hartman is a regional Emmy and Murrow award winning journalist who was born and raised in the Midwest. She graduated from Northwestern University where she majored in Radio/Television/Film. Over her more than 20 years in the business working in Joplin, Peoria, Phoenix, Charlotte, and Chicago, Hartman has produced shows, shot video, edited, reported and anchored. Our Global Education Programs

Global Education Portal

Coming this fall! The digital learning portal will impact more students locally and beyond through global competency and cultural awareness programs. Students, teachers, parents, and World Affairs Council clubs will be able to discover and explore a library of lesson plans, videos, activities, suggested reading lists, and more!

Around the World Family Event

This program provides each family a Culture Box overflowing with international snacks and art materials while learning virtually from local chefs in their communities as they explore a diverse culinary world of Senegal, Guatemala, Russia, and Bosnia! They can taste and create as they learn about the diverse culinary and art world together with their family members.

Culture Boxes

Culture Boxes are an easy and fun way for 2nd to 5th grade students to learn about the diverse culinary and art world of another culture! Our Culture Boxes are full of art materials so students can create and learn about the amazing cultures of Japan, Mexico, China, and India from their school or home!

International Education Summit

As the World Affairs Council's annual high school event, the International Education Summit (IES) raises student awareness about global issues and global careers. Students and teachers will not only listen to panel discussions on the specially selected "hot" global topics, but also speak directly with local professionals in "speed networking" sessions where they learn about global careers. Last year's week long virtual conference focused on the theme of Peace & Justice.

A Word From Our Program Partners!

"The Art Meets World Global Education program has given our kiddos a chance to experience firsthand different cultures from around the world.

This not only expands their knowledge of the world we live in but also a newfound admiration for their neighbors and community members.

Many students have conducted service-learning projects to educate their fellow classmates on all that they have learned from the Global Guides."

- Jameela Salaah, Program Manager, Youth Development Center for Great Neighborhoods
